

Line 700

electric griddle plates

The top plate is made of stainless steel CrNi 18/10 class AISI 304 with thickness 1.5 mm. The base legs are made of stainless steel and are height adjustable. The whole unit complies with protection IP24. The unit 700 specifications include high performance, pressed tanks with round internal angles and ergonomic front panels with operating and control elements.

- top plate from stainless steel AISI 304 thickness 1.5 mm
- the choice between grill plates from ground steel or chrome.
- in smooth, grooved, combined versions
- 12 mm thick desk under the grill surface with system of even heating
- grill desk welded to the upper desk
- high heating speed – prepared for use during 15 minutes
- large volume 2,5 litre liquid reservoir
- regulation 50 - 300 °C, safety thermostat 360 °C
- one to two independent cooling zones
- water resistant control – prevents penetration of liquids in the cavities
- solution with or without base
- low rear chimney with cast iron grill
